SharePoint/CRM Consultant, [Veripark](#) (April 2015 –September 2015)

- SharePoint Intranet Portal Support/Development
- Microsoft Dynamics CRM Development and Support

SharePoint Developer, [Sanipex Group](#) (November 2013 –April 2015)

- Project Requirement Analysis & Drafting Scope of Work
- Devise the Solution Architecture
- Leading Development Life Cycle

SharePoint® 2010, Application Development

.NET Framework 4, Web Applications

Programming in HTML5 with JavaScript and CSS3 Specialist

SKILLSET

Development Technologies

- SharePoint Server 2016, 2013 and 2010
- SharePoint O365
- Jupyter Notebook
- Spyder
- RStudio
- WSS 3.0
- .Net Framework
- ASP.NET
- Windows Services
- Web services
- Xml Technologies
- Workflows (SharePoint Designer)
- InfoPath
- Nintex Forms
- Nintex Workflows
- Microsoft Power BI

Software Architecture & Design

- Object Oriented Analysis and Design
- Service Oriented Architecture (SOA)
- Database design

Programming Languages

- Visual C#
- VB.NET
- C#
- Visual C++
- Python

Databases

- MongoDB, MS SQL Server 2005/2008/2012/2014.

Web Technologies

- Microsoft IIS Server (6.0/7.0)
- ASP.net/HTML 5/XHTML/CSS/JavaScript

Tools

- Visual Studio.NET (2005 / 2008 / 2010/ 2013)
- Visual Source Safe
- SharePoint Designer
- MS Visio
- InfoPath Designer

- POC demonstration
- UAT
- Database Management & Administration –Production Database for All the applications.

SharePoint Administrator, [Deqa United Group](#) (Aug 2012-Oct 2013)

- Project Requirement Analysis
- Devise the Solution Architecture
- Application Development
- POC demonstration
- UAT
- SQL Server Database Administrator

.Net Developer, [Sevdotcom](#) (Mar 2012 -July 2012)

- Project Requirement Analysis
- Development

.Net Developer, [Rivet Solutions](#) (Jan 2009-Feb 2012)

- Project Requirement Analysis
- Development
- UAT

EDUCATION

M.Sc. Data Science – Big Data Management (2017-2019)

Heriot Watt University, Dubai Campus

Bachelor of Science – Computer Science (2006-2010)

University of Karachi, Pakistan

PROFESSIONAL CERTIFICATIONS & TRAININGS

- Microsoft Certified Technology Specialist (SharePoint Server 2010 - Application Development).
- Microsoft Certified Technology Specialist (.Net Framework 4 – web development)
- Microsoft Certified Technology Specialist - Programming in HTML5 with JavaScript and CSS3.

PROJECTS

- **Microsoft Dynamics CRM RTA**

- Support on CRM 2011

Veripark

- SBM – Development and Support on CRM 2011

- **Microsoft SharePoint RTA**

- SharePoint upgrade from SP 2010 to SP 2016
- SharePoint 2016 farm setup with high availability
- Implementation of RTA Knowledge hub on SharePoint 2016
-

Sanipex

- Sanipex - Branding of Organization Portal on SharePoint 2013
- Sanipex - Corporate Intranet Portal Development
- Sanipex - SharePoint Document Management System
- Sanipex - SharePoint Media Library
- Sanipex - SharePoint Training Academy
- Sanipex - Supplier Registration
- Sanipex - Etisalat Bill Automation
- Sanipex - Employee Self Service (ESS)
- Sanipex – Business Process Automation for Procurement

PERSONAL DETAILS

Date of Birth	5th February 1987
Nationality	Pakistani
Passport No.	GE 9153562
Marital Status	Married
Driving License	Yes

DEPA

- Depa - Corporate Intranet Portal Development
- Depa - Business Process Automation
- Depa - Administration of SharePoint 2013
- **.NET (ASP,C#):**
 - Human Resource Management System
 - EDI (Electronic Data Interchange) Messaging
 - Shipment Management System
 - Depa Online Quality Management System
- **SQL:**
 - Database Administration
- **OTHERS:**
 - Configuration of SIP using ASTERISK

● PROJECTS EXPERIENCE

State Bank of Mauritius- Development and Support on CRM 2011 (Client)

CRM Consultant - Veripark

Project Summary: In this project, I involved in Development & Support of CRM 2011. Working in a Team of 8 People. Project was in a UAT phase when I joined this team.

Assignment: Development & Support

Tools & Technology Used: Microsoft Dynamics CRM 2011.

SANIPEX - Branding of Organization Portal on SharePoint 2013

SharePoint Developer

Project Summary: Project include branding of Organization portal to align company branding guidelines.

Assignment: Brand the look and feel of the Organization portal

Tools & Technology Used: SharePoint O365 2013, CSS V3.0, HTML5, Java Script.

SANIPEX - Corporate Intranet Portal

SharePoint Developer

Project Summary: In this project, the responsibility is to implement Intranet Portal on SharePoint 2013.

Assignment: From Analysis to Implementation, whole project is completed by me as a SharePoint Developer.

Tools & Technology Used: SharePoint Online 2013, SharePoint Designer

SANIPEX – Document Management System

SharePoint Developer

Project Summary: In this project, the responsibility is to implement Document Management Systems including document approval, publishing and archiving etc. on SharePoint 2013.

Assignment: Planning, Analysis, architecture of the Solution, development, deployment, UAT and training.

Tools & Technology Used: SharePoint 2013, Info Path Forms, SharePoint Designer

SANIPEX – SharePoint Media Library

SharePoint Developer

Project Summary: In this project, the responsibility is to implement Media Library on SharePoint 2013 where Marketing department can upload and tag product images so that our external customers and dealers can easily search and also be able to

request missing images. Marketing Department can also be able to upload brochures and product catalogs for our customers, partners and dealers

Assignment: Planning, Analysis, architecture of the Solution, development, deployment, UAT and training.
